(d) Sizes of books. Octavo = Novel size. Quarto = Twice novel size. Folio = 4 times novel size. 16 Mo. = ½ novel size.

The Cataloguers beg your indulgence for digressing one moment before presenting the fine material included in the pages following.

You are not to be bored by our crowing about successful sales, highest prices, prompt settlements and square dealings. Nor will we boast that we have been selected by the American Numismatic Society, one of the largest and greatest of its kind, to conduct the sale of their books.

We think it advisable, however to bring out this one point. The Society is merely disposing of its duplicate volumes with the intention that the funds realized will be used to obtain material needed for their fine exhibit. Any inquires concerning the society or its exhibits will receive attention if directed to us.
